OUR STORY

Welcome to our sophisticated world of window dressing.

**Blind Designs** has the most comprehensive range of blinds in South Africa, and has been distributing stylish designs and quality blinds for over 40 years.

Proudly designed and assembled in South Africa and distributed throughout Southern Africa. These window dressings adorn windows that overlook one of the most naturally beautiful regions in the world.

Protecting this region is also important to us, and we merge beautiful designs with sustainable practice by ensuring that 80% of all material waste created in the manufacture of your blind is recycled. **Blind Designs** also donates a percentage of all profits to community projects.

We invite you to page through and explore our broad range of **Blind Designs** products, and see how we can reflect your style.

Blind Designs Blinds are of the highest quality. We back that belief with a comprehensive two-year warranty. Should you encounter any unexpected problems with your Blind Designs product, we’ll take care of the repairs and, if necessary, find replacement parts.

Suitable for: Windows where a mixture of privacy, sun control and views are required. The 35mm Aluminium slat is hard wearing and suits larger windows. One of the most cost effective window coverings.  
Avoid: Suitable for most applications, consider a Retro Blind for very large windows.
DAY & NIGHT BLINDS

Day and Night Blinds feature the ability to cater for all light control and privacy permutations in a single product. This category of blinds can be easily adjusted to provide a degree of light control while still allowing for views to the outside, or can easily be adjusted to provide full day and night privacy.

VISION BLINDS
- Day & Night Blinds

The Vision Blind offers an ideal balance between privacy and light control in a fashionable manner. A Vision Blind features two layers of translucent and opaque horizontal striped fabric. A single control allows the front layer to move independently of the back so that the stripes glide between each other creating an open and closed effect, with limitless light control.

Max Width: 2200mm
Max Length: 2600mm
Privacy: Easily adjustable in any position between view and privacy settings.
Light Control: Adjustable | Diffused light. Full Blockout option available.
Operation: Plastic or steel chain mechanism | Crank Handle control | 220V Motor | Battery Motor
Cleaning: Should be vacuumed and dusted.
Suitable for: Picture Windows for a striking visual presence and a mix of views and privacy.
Avoid: Hard working or large windows and doors where the blind will be lifted often. Blind is best when not fully lifted but just changed between view and privacy position.
Add a touch of style and luxury to your room with a Visage Blind, bringing a soft and soothing ambience to your room. Visage is made up of two layers of soft fabric connected by a horizontal sheer vanes aligned to control the light while retaining a view during the day, or it can be fully closed for total privacy in the evenings.

Two Roller Blinds enclosed in one neat cassette system with a minimal footprint in your window reveal. The blinds, controlled separately, offer a screen fabric to allow daytime views and privacy and a full blockout for full night control and privacy. Get the best of both worlds with one neat solution.

OUTDOOR BLINDS

The Outdoor Blind is the modern alternative for your patio. The hi-tech fabrics manage heat and glare on your patio while maintaining the view.

The Outdoor Blind will allow you maximum use of your external entertainment areas by stopping heat and glare and also providing a degree of weather protection while maintaining your view.

Lower and raise the blind using a removable crank handle or motorise your blind. The blind is secured at the bottom using a choice of hold down clips, which allow the blind to remain down during windy weather.

- Max Width: 5700mm
- Max Length: 6000mm
- Privacy: Daytime views & privacy | Night time no privacy (One privacy range available)
- Light Control: Diffused light
- Operation: Crank Handle | 220V motor
- Cleaning: Can be dusted and wiped with a damp cloth.
- Suitable for: Controlling sun and glare and a degree of weather protection for your patio. Can also be used for large interior applications.
- Avoid: Areas where it will not be possible to utilise the hold down system to retain the blind when fully lowered. Avoid if you require full weather protection for the outdoor area.
Channel X Outdoor Blinds feature side channels to enclose the blind. This makes the blind safer to lift up and down, gives a complete wall to wall finish and provides for better insulation and weather protection. Channel X Blinds are secured at the bottom (or at halfway if you wish) using a central turn knob for maximum convenience.

- Max Width: 5100mm
- Max Length: 4000mm
- Privacy: Daytime views & privacy | Night time no privacy (One privacy range available)
- Light Control: Diffused light
- Operation: Crank Handle | 220V motor
- Cleaning: Can be dusted and wiped with a damp cloth.
- Suitable for: The side channels allow you to move the blind into any position without securing the blind at the bottom. Channel X is suitable for controlling sun and glare and offering a degree of weather protection for your outdoor area.
- Avoid: Irregular openings that aren’t perfectly square or openings that have stepped tiles or skirtings’ interfering with the opening. Be aware that the fabric will not be contained inside the channel at all times as gusts of wind can blow the fabric out. Also avoid if you require full weather protection for your outdoor area.

An MDock Blind is secured from top to bottom by two stainless steel wires. The MDock system features easy tensioning of cables, the smallest possible gap at the bottom of the blind, top quality fittings and fixtures and a magnetic hold down system when the blind is in the down position. Style has never been so practical.

- Max Width: 5100mm
- Max Length: 4000mm
- Privacy: Daytime views & privacy | Night time no privacy (One privacy range available)
- Light Control: Diffused light
- Operation: Crank Handle | 220V motor
- Cleaning: Can be dusted and wiped with a damp cloth.
- Suitable for: Areas where it is challenging to utilise a hold down system to retain the blind when fully lowered. The system works well when used together with wind sensors. Also suitable for controlling sun and glare and offering a degree of weather protection for the outdoor area.
- Avoid: Locations where the blind will be exposed to wind, the magnets won’t restrain the blind when its windy. In windy areas it is recommended that the blind is motorised in conjunction with a wind sensor that will lift the blind when the wind becomes too strong. Also avoid if you require full weather protection for your outdoor area.
A refreshingly crisp and simple palette that will brighten and distinguish any interior space.
