## Allusion Blind Bamboo Blinds

Allusion Blinds really come into their own in larger windows and folding doors where their unique flowing fabric vanes allow you to enjoy both light and privacy. The Allusion Blind allows you to quickly adjust between views to the outside and privacy and light control by simply tilting the vanes.

Bamboo Blinds help bring a touch of nature into the home. Made from bamboo, jute, grass and wood they blend stylishly into both traditional and modern decors while they gently filter light into your room, creating a calm and soothing ambience with diffused views of the outside.

## Cellular Blinds Outdoor Blinds Altra Shutter

The incredibly efficient cellular blinds not only look great but also help keep energy costs down. Their unique honeycomb structure creates a thermal barrier between the room and window to provide additional insulation.

The Outdoor Blind is the modern alternative for your patio. The hi-tech fabrics manage heat and glare on your patio while maintaining the view. The Outdoor Blind will allow you maximum use of your external entertainment areas by stopping heat and glare and also providing a degree of weather protection while maintaining your view.

Altra Shutters allow for you to control light and privacy by tilting the adjustable slats. The Altra Aluminium Shutter is designed to simulate the appearance and clean lines of a timber plantation shutter, whilst delivering all the strength and benefits of an Aluminium shutter.
