REFLECT YOUR STYLE

REFLECTION

Design Style: Modern

A refreshingly crisp and simple palette that will brighten and distinguish any interior space.

Roller Blinds
Roman Panel Blinds
Sliding Panel Blinds
Vision Blinds

The fabrics below can be manufactured as a Roller, Roman Panel or as a Sliding Panel Blind.

Rollers offer simple up-down operation, Roman Panels fold up to the top of the window and feature distinct horizontal panels.

Sliding Panels feature hanging panels that slide to the left or right of your window.

Vision blinds feature a double layer of fabric with alternating sheer and translucent horizontal bands. By lifting the blind the blind alternates between view and privacy settings

Wood Venetian Retro Venetian Ripple Shade Blind

Venetian Blinds offer control of privacy and light. Tilt the horizontal slats or lift the blind completely when required.

Wood Venetians feature painted or stained wood slats.

Retro Venetians are a combination of aluminium slats combined with wood valances and trims.

The Ripple Shade (also known as a wave or ripple curtain) is a contemporary window treatment that brings a delicate soft flow to your window covering. Draped with a perfect blend of aesthetics and functionality.

Allusion Blind Bamboo Blinds

Allusion Blinds really come into their own in larger windows and folding doors where their unique flowing fabric vanes allow you to enjoy both light and privacy. The Allusion Blind allows you to quickly adjust between views to the outside and privacy and light control by simply tilting the vanes.

Bamboo Blinds help bring a touch of nature into the home. Made from bamboo, jute, grass and wood they blend stylishly into both traditional and modern decors while they gently filter light into your room, creating a calm and soothing ambience with diffused views of the outside.

Cellular Blinds Outdoor Blinds Altra Shutter

The incredibly efficient cellular blinds not only look great but also help keep energy costs down. Their unique honeycomb structure creates a thermal barrier between the room and window to provide additional insulation.

The Outdoor Blind is the modern alternative for your patio. The hi-tech fabrics manage heat and glare on your patio while maintaining the view. The Outdoor Blind will allow you maximum use of your external entertainment areas by stopping heat and glare and also providing a degree of weather protection while maintaining your view.

Altra Shutters allow for you to control light and privacy by tilting the adjustable slats. The Altra Aluminium Shutter is designed to simulate the appearance and clean lines of a timber plantation shutter, whilst delivering all the strength and benefits of an Aluminium shutter.
