SHUTTER

ALTRA SHUTTER COLLECTION

Altra Shutters allow for you to control light and privacy by tilting the adjustable slats. The Altra Aluminium Shutter is designed to simulate the appearance and clean lines of a timber shutter while delivering all the strength and benefits of an aluminium shutter. The Altra Shutter's aluminium construction provides key benefits in terms of weight, durability and allowing for the manufacture of wide panels.

Three frame options available, a L frame (for inside the reveal), a L Frame for Face Fix applications and a Z Frame for wrapping around the reveal. A T Post is also available.

Altra Shutters are supplied with a 3-Year Warranty.

Altra Shutters are made from aluminium material and are easy to wipe and clean.

Altra Shutters are made in South Africa using imported materials and support the local economy. They are available on quicker turnaround times than fully imported products.

Altra Shutters are water resistant and can be used externally. Stainless steel or aluminium parts and fittings have been used.

Altra Shutters can be fitted with a lock as an option.

Altra Shutters are made from impact resistance aluminium. Unlike wood and PVC shutters they will stand up to knocks and bumps without showing the impact.

Altra Shutters aluminium construction allows us to make wider panels than wood or PVC shutters. Panels can be made up to 1100mm wide for Hinged, 600mm wide for Double Hinged and 750mm wide for Altra Fold.

ALTRA HINGED SHUTTER

Altra Hinged Shutters available in one, two, three and four panel configurations will be the focal point of your room. The Aluminium material is durable and easy to clean and is beautifully finished to simulate the elegance of a traditional shutter.

ALTRA DOUBLE HINGED SHUTTER

Altra Double Hinged Shutters features a hinged shutter in the traditional fold away style of a shutter. Altra Double Hinged Shutters will have either two panels (both folding to the left or right) or four panels two folding left and two folding right, or six panel configurations.

ALTRA FOLD SHUTTER

Altra Fold Shutters consist of panels that are connected to each other and fold to the side. The Shutters fold away on a top and bottom track. Panels can be configured to stack to the left or right or be split.

ALTRA FIXED PANEL SHUTTER

The Altra Fixed panel is a static panel that cannot be opened or folded away. The Blades still tilt to open for views or privacy but the frames stay in place.

ALTRA HINGED SHUTTER

ALTRA HINGED SHUTTER FRAME OPTIONS

The Altra Shutter is available with both a L Frame and a Z Frame, The Z frame overlaps the reveal and is great for concealing uneven window reveals. You can combine the Z and L Frame on one shutter. For example, you could do Z Frame Top, Left and Right with a L Frame on the bottom.

ALTRA HINGED SHUTTER

Altra Hinged Shutters available in one, two and three panel configurations will be the focal point of your room. The Aluminium material is durable and easy to clean and is beautifully finished to simulate the elegance of traditional timber shutter. The Altra Shutter also provides great practicality with good control over light and privacy.

ALTRA DOUBLE HINGED SHUTTER

Altra Double Hinged Shutters features a hinged shutter in the traditional hold away style of a shutter. The Shutters will have either 2 Panels (both folding to the left or right) or 4 Panels 2 folding left and 2 folding right, or six panel configurations. The advantage of the Double Hinged Shutter is a distinct traditional look, the Double Hinged Shutter also makes better use of the interior space when opening and is easier to accommodate obstructions in the room. The Aluminium material is durable and easy to clean and is beautifully finished to simulate the elegance of traditional timber shutter. The Altra Shutter also provides great practicality with good control over light and privacy.
